BRITANNIA
INTERNATIONAL ACADEMY ®

Principal's
Welcome Letter

BritAcademy.uk is an international online school offering flexible, high-quality education that fits your family's lifestyle. We provide accredited British and American curriculums, university foundation pathways, and digital skills training—all delivered online by expert educators.

We take great pride in our community, which not only supports academic excellence but also emphasizes the emotional and social development of our students. We believe that learning extends beyond the classroom, encompassing participation in various activities that enhance life skills.

As the Principal of Britannia International Academy, I warmly invite everyone to experience the nurturing, understanding, and supportive environment we offer. I am confident that our school will be a place where every student can grow into a well-rounded individual and achieve success in all areas.

Sincerely,

Adina Tulbure

Principal, Britannia International Academy ®

I hope you enjoy exploring the information in this brochure, and we look forward to **welcoming you to** the BritAcademy family soon.

History of BritAcademy

Established in 2024, BIA is a premier UK-registered learning provider (UKPRN10095632), accredited by NCC Education, delivering globally recognized qualifications online. We empower international learners with high-quality British and American curricula, foundation programs, and digital training, all developed for academic excellence and real-world readiness.

Britannia International Academy began with a vision to bridge global education gaps through innovation, accessibility, and excellence. What started as a small, mission-driven learning center has grown into a trusted international online institution serving students across Europe, the Middle East, Africa and beyond.

BIA :

- offer recognized UK foundation and digital qualifications through NCC Education.
- Launched a dual-pathway model offering both British (IGCSE/A-Level) and American (High School Diploma) curricula
- Introduced specialized programs such as the NCC Level 3 International Foundation Diploma and Digi Computing Curriculum
- Built a strong, diverse team of certified educators, SEN professionals, and curriculum leaders

From a bold idea to a global reality, Britannia International Academy continues to innovate and adapt, ensuring that students everywhere can access world-class education from the comfort of their homes.

Mission Statement

To deliver world-class, accessible education that blends academic excellence with personalized learning—empowering students to achieve their full potential and succeed in global pathways. We are committed to:

- Providing accredited British and American curricula through innovative online platforms
- Supporting holistic student development—intellectual, emotional, and social
- Equipping learners with 21st-century skills, critical thinking, and digital fluency

Vision Statement

At Britannia International Academy, we envision a future where high-quality, flexible, and inclusive learning is accessible to every learner, regardless of geography. Through innovation, academic excellence, and global citizenship, we aim to shape the leaders, thinkers, and changemakers of tomorrow.

Core Values

1
🌍 **Global Citizenship**

We nurture internationally minded learners who respect diversity, think beyond borders, and act responsibly in a connected world.

2
◆ **2Academic Excellence**

We uphold high standards in teaching and learning, encouraging curiosity, critical thinking, and a passion for knowledge.

3
💡 **Innovation in Education**

We embrace technology and flexible learning models to create engaging, future-ready educational experiences.
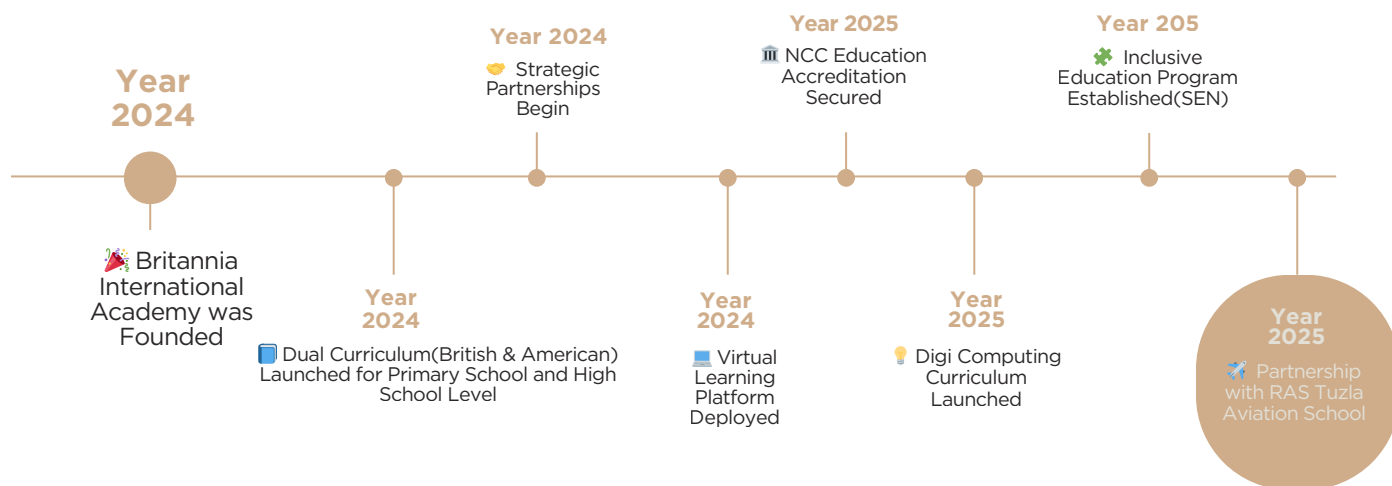

4
🧠 **Personalized Learning**

We recognize every student's unique potential and tailor support to ensure their individual growth and success.

➜ Student Life and Community Engagement

🎒 Student Life at BritAcademy
A vibrant, connected, and globally minded learning experience—entirely online.
At Britannia International Academy, student life extends far beyond the virtual classroom. Our approach to online learning is designed to keep students socially engaged, emotionally supported, and intellectually curious—no matter where they are in the world.

💬 Interactive Virtual Classrooms
Students learn through live video lessons, whiteboards, polls, breakout rooms, and discussions via ClassIn, making each class dynamic and collaborative.

🌍 Global Peer Community
BritAcademy students come from diverse cultural and national backgrounds. Through teamwork, discussion groups, and shared projects, they develop friendships and intercultural understanding in a truly international environment.

🧑 Wellbeing & Support
Our dedicated pastoral care team—including advisors and a Special Educational Needs Coordinator (SENCO)—offers social-emotional support, one-on-one check-ins, and tailored learning strategies.

ACADEMIC PROGRAMS

Curriculum Overview

Flexible. Accredited. Globally Recognized.

Britannia International Academy offers a range of accredited academic programs designed to meet the needs of diverse learners around the world. Whether your goal is to pursue UK or US higher education, build tech skills, or access a university foundation, BIA provides a clear, high-quality pathway.

British Curriculum (KS1–A-Level)

Ages 5–18 | UK National Curriculum | Edexcel/CAIE Aligned

- Key Stage 1–2 (Years 1–6): Core subjects + creative learning
- Key Stage 3 (Years 7–9): Broad academic foundation
- Key Stage 4 (Years 10–11): IGCSE pathway
- Key Stage 5 (Years 12–13): A-Level preparation for university.

American Curriculum (Grades K–12)

Ages 5–18 | U.S. Common Core & NGSS | High School Diploma

- Elementary (Grades K–5): English, Math, Science, Social Studies
- Middle School (Grades 6–8): Core + electives (coding, creative arts)
- High School (Grades 9–12): Advanced coursework, SAT/ACT prep

NCC Level 3 International Foundation Diploma (L3 IFDHES)

Pre-university program | University Pathway Qualification

- Academic English, Business, IT, Research & Communication
- Prepares students for Year 1 entry at 100+ universities worldwide
- Delivered with NCC Education (UK-regulated provider)

✅ For students aged 16+ seeking direct university access

✅ Suitable for careers in business, tech, or management

Digi Computing Curriculum (Ages 5–16)

Digital literacy & computing skills for future readiness

- Developed by NCC Education
- Covers coding, robotics, computational thinking, e-safety
- Age-specific modules from early learners to teens

✅ Great for digital natives & future tech leaders

✅ Includes certificates upon completion

What's Included:

- Choose from any of our IGCSE subjects: Biology, Maths, English First Language, Business Studies, Chemistry, Physics, Computer Science, Environmental Management, Geography, History, Travel & Tourism, plus IELTS preparation
- Enroll anytime; no prior qualifications needed—just be 14+ and ready to learn
- Flexible, affordable packages (e.g. 4–course bundle), tutor support, and self-paced learning tailored to your goals

FULLY ONLINE

Limited Seats!

IGCSE Courses

Study Online with Live Lessons & Real Tutor Support

IGCSE and Short Courses combine the freedom of online learning with the personal attention of live tutors, helping students thrive in a flexible, affordable, and supportive environment.

Whether you're aged 14+ and just starting, re-sitting exams, or returning to learning later in life -we offer a pathway that works around your life.
